

CLUB RULES

To make camping and caravanning safe and enjoyable for all members we have several rules which we ask you to abide by. Failure to do so may result in being asked to leave a meet. For the full set of club rules, please consult your Club Handbook.

6 Meter Rule

All units must be a minimum of 6 meters apart. You may choose to pitch further away than this, we just ask that you consider how much space is available on the site.

5MPH Speed Limit

Please remember to drive at no more than 5MPH on all sites (walking pace). This is to protect the fields, children and pets as well as keep disruption to a minimum.

Under no circumstances should a learner or underage driver operate a vehicle on site.

Site opening time

The steward must be the first person on site to comply with the Camping Exemptions Certificate. Please do not try and access the site before the advertised opening time.

All Quiet

Between 23:00 and 07:00 there should be no noise on site. This is for the benefit of your fellow campers. The no noise rule includes no vehicle movement during the all quiet time.

Refuse

Unless otherwise specified, all refuse must be taken home to be disposed of. There will be refuse points at temporary holiday sites.

Pets

We welcome all pets to our meets, we just ask that you stick to the following rules:

- All pets must be kept on a lead at all times (unless contained in your own unit).
- All mess must be cleared up immediately and disposed of appropriately.
- No pets, including dogs, are allowed at the drinking water points.

Fire Regulations

It is advised that all units have a clearly marked, filled fire bucket outside of their unit. All units must be spaced in a way that does not block access to anywhere on the site in the case of an emergency.

Water and Chemical Toilet Waste

Drinking water and elsan points will always be marked clearly. Under no circumstances should any part of your toilet be taken to a drinking water point.
